

**Technical Rule no. 06 P-RECO**

(under article 4 of the Rules governing the regulated market and the platform for registering bilaterals of guarantees of origin, successfully verified by the Director of Markets of "Autorità per l'energia elettrica e il gas" on 22 December 2011, as subsequently amended and supplemented)

<b>Title</b>	<b>Value of RECOs tradable on the P-RECO</b>
Reference Legislation	Article 23, para. 23.2 and article 30, para. 30.1 a) and b), Rules governing the regulated market and the platform for registering bilaterals of guarantees of origin
<b>Published on 15 May 2012</b>	

## **1. Foreword**

Article 23, para. 23.2 of the Rules governing the regulated market and the platform for registering bilaterals of guarantees of origin (hereafter P-RECO Rules) stipulates that the types of RECOs tradable in the M-RECO shall be those identified in para. 23.3 thereof and whose value shall be defined in the Technical Rules.

Article 30, para. 30.1 a) of the P-RECO Rules provides that bilateral transactions between operators, concerning RECOs of the types referred to in art. 23, para. 23.3 and of the value defined in the Technical Rules, shall be registered on the PB-RECO under the procedures set out in Section I, Subsection II.

Article 30, para. 30.1 b) of the P-RECO Rules provides that bilateral transactions, resulting from the auctioning procedures organised and managed by GSE under AEEG's Decision ARG/elt 104/11 and concerning the types of RECOs referred to in art. 23, para. 23.3 and of the value defined in the Technical Rules, shall be registered on the PB-RECO.

## **2. Value of tradable RECOs**

The value of the tradable RECOs shall be equal to 1 MWh.
